

Proteus Awarded HIPAA Security Program Project for Telecare Corporation

HAYDEN, ID – May 10, 2017 – Proteus Consulting, the Northwest’s trusted provider of Health Insurance Portability and Accountability Act (HIPAA) Security Rule services, announces their fiscal year 2017 provider contract award with Telecare Corporation. Proteus will advise Telecare as they review and strengthen their HIPAA Security program, and will perform a risk and compliance analysis for their corporate office location and six treatment facilities across Washington and California.

Proteus competed against three other highly qualified companies before being selected and was singled out for a superior project approach to data collection, compliance checks and risk analysis that will strengthen Telecare Corporation’s security posture. This project continues to demonstrate Proteus Consulting’s ability to provide the same personal approach, whether working with a smaller provider group or a multistate corporation. Proteus remains singularly focused to provide healthcare industry Covered Entities and Business Associates fully referenced Security Rule consulting services.

About Telecare Corporation

Telecare Corporation delivers excellent and effective behavioral health services that engage individuals with complex needs in recovering their health, hopes, and dreams. They operate 90 programs that include community based, acute, crisis, long term recovery and residential type services across eight states. Telecare is headquartered in Alameda, California.

About Proteus Consulting

Proteus Consulting focuses exclusively on the HIPAA Security Rule’s standards and implementation specifications as they relate to ePHI risk and compliance. They perform HIPAA security risks analyses, provide compliance and gap analysis strategies, develop Security Rule policies and procedures, and train workforces ranging from a dozen to more than 100 employees. Since its beginning in 2013, Proteus has built their reputation making HIPAA requirements plainly understandable and providing outstanding value to their customers.
